AFTERSCHOOL PROGRAM

Achiever Institute's Afterschool Program is designed to provide K-8 students with a comprehensive schedule that includes time for homework, snack, enrichment classes, outdoor play, and music practice. Students are expected to complete their homework and work on any long-term projects under the supervision of teachers and teaching assistants. Afterwards, students can take advantage of a range of enrichment courses which includes writing, math, music, chess, Chinese, Hindi, drama, and art. We can also schedule music practice time for students and have a qualified instructor monitor their practice. Through our afterschool program, we strive to offer students the opportunity to complete their schoolwork, learn from highly qualified and specialized teachers, pursue their varied interests, and have fun in a warm, caring, and wholesome environment.
